

Assistant-In-Training

Druid Hills Golf Club Atlanta. Georgia

The Assistant in Training will develop the skills and knowledge to assist in the management of all golf course maintenance responsibilities through a combination of training and hands-on experience.

Druid Hills Golf Club offers a great opportunity for aspiring Golf Course Superintendents to work and learn in an environment of consistent improvement. The Assistant in Training position at Druid Hills Golf Club will be actively involved with golf course operations, spraying applications, irrigation and team development. You will also be heavily involved in the management of our newly renovated 11 acre practice facility where you will be able to manage a variety of grasses including bent grass, tiftuf bermuda, tifgrand bermuda, prizm zoysia, and zeon zoysia. Our goal is to help you lay a solid foundation on which to build a successful Golf Course Superintendent career.

The primary responsibility will be assisting the Golf Course Superintendent and the Assistant Superintendents in the supervision and training of maintenance staff, management of the practice facility turf conditions, assist with properly applying pesticides and fertilizers to the golf course, communicating on a daily and weekly basis with the Golf Operations Team to develop communication skills across multiple departments within the Club. The AIT will also be involved with irrigation repair and maintenance as well as greens management and course set up. The AIT position will work towards having weekend crew management responsibilities every third weekend.
