
NOW HIRING

PROPAGATOR/ INVENTORY ASSISTANT

HALE AND HINES
NURSERY
416 HINES LANE
MCMINNVILLE, TN
37110

ABOUT US

Hale and Hines Nursery, now in its 43rd year, is one of the largest pot-in-pot nurseries in Tennessee. We offer hundreds of varieties of shade and ornamental plants in containers ranging from 15-200 gallon. We have been actively growing since our inception in 1978. We are looking for a hard-working person to join our team.

ABOUT THIS JOB

We need someone with experience in seed, soft-wood and hard-wood cutting propagation. Additional budding and grafting experience would be beneficial. Will be responsible for managing a new propagation division. Knowledge of greenhouse and outdoor facilities for propagation is essential. Knowledge and management of pest (insect, disease, weeds) that are typical in propagation or early liner production are needed. Experience with computerized irrigation controllers would be useful. Someone very meticulous, punctual, and motivated. Someone with a variety of plant knowledge, not afraid to get their hands dirty.

Plant inventory will include propagation projections for future sales and maintaining inventory for upgrading into larger containers.

WHAT WE ARE LOOKING FOR

Positive, Motivated, Hard-working individual

Ability to work independently or in a group

Desires to work outside and enjoys physical task

A background in plant production

Able to handle physical activity such as lifting, loading, and unloading large plants

Strong work ethic, able to function in a fast-paced environment

WHAT WE OFFER

Great potential for professional experience

Fast paced and friendly work environment

Salary commensurate with experience but expected to be around \$45,000 per year based on a 40 hour work week

YOU MAY BECOME ELIGIBLE FOR

Paid time off after a year

Simple IRA with company matching after 2 years
