

The Winchester Country Club is a private, year-round club founded in 1903. The golf course was designed by legendary golf course architect Donald Ross and is currently under the supervision of golf architect Ron Forse for continued renovations. Since 1919, Winchester has hosted seven Massachusetts Amateur championships and two state opens in addition to other state and regional tournaments. However, its best-known contribution to Massachusetts golf is its annual father & son tournament, the longest running such event in the country. Today, Winchester Country Club remains one of the premier courses in the state. Featuring views of both the Mystic Lakes and the Boston skyline, this Ross layout remains intact, providing both challenge and enjoyment for its members and their guests.

We are currently hiring Interns and AITs for the 2022 season. Interns and AIT's will participate in all aspects of the golf and grounds maintenance operation. Tasks include moisture management on all surfaces, especially greens. Plant protectant and fertility applications, irrigation installations and repairs, fescue/native area establishment, the mowing and performing of cultural practices of all surfaces, the operation of all equipment on property, as well as the scouting of biotic and abiotic plant stresses, to name a few. Interns and AIT's will be given numerous opportunities to lead groups of employees with the forethought of becoming an

Assistant Superintendent. The Intern and AIT position is a transitional one, and there are opportunities at Winchester to rise in rank.

Benefits of the Internship and AIT experience include free on-site housing, cable and internet, laundry, parking, uniforms and golfing privileges. Interns and AITs are paid \$17.00-\$18.00/hr plus overtime. Professional benefits include volunteering at a nationally televised tournament on the PGA Tour or USGA Event, and access to an extensive network of Superintendents and industry professionals to help you further your career upon leaving Winchester.
