

Hyde Park Golf and Country Club

Cincinnati, Ohio

Golf Course and Turfgrass Management Internship

Originally founded in 1909, Hyde Park is consistently recognized as a club of excellence, providing a traditional country club atmosphere with exceptional hospitality and modern amenities, including an outstanding Donald Ross 18-Hole golf course. Recently, the club has partnered with Golf Course Architect (GCA) [Tyler Rae and Associates](#) to develop a new Master Plan.

The Grounds Department's **mission** is to provide the highest quality of conditioning on a daily basis for the members and guests. The Turfgrass Interns play an integral role in all operations of the golf course.

- Small project management
- Irrigation repair and auditing
- IPM strategies; calibrations and applications
- Attendance and presentations at Grounds Committee meetings
- PGA Tour volunteer opportunities
- Site visits to other facilities
- Data collection, record keeping and data interpretation
- Development of partner and industry relationships
- Newsletter updates

Data collection and interpretation

Cultural Practices

The Hyde Park team provides an excellent opportunity to grow and hone skills in both turfgrass management and leadership while developing industry relationships. The ideal candidate will have:

- Eagerness to develop critical thinking and active listening skills
- Work collaboratively with Superintendent, Assistant Superintendents, Equipment Manager and other departments
- Aspire to grow and develop in turfgrass industry
- Currently enrolled or planning to enroll in turf management or related field
