

Golf Course Management Internship Program

Description

Grandfather Golf & Country Club is a private 36-hole facility open from May to October with 12,000 annual rounds. Designed by Ellis Maples in 1968. Greens, tees, and fairways are Creeping Bentgrass/ Poa. Kentucky Bluegrass/ Mtn. Mix rough.

The right individuals will be core members of our team and will learn the skills and knowledge needed to advance their education and their career. Our interns will work alongside our superintendent and assistants to learn all aspects of the day-to-day operations of our golf courses. This would include daily planning, record keeping, data and water management, irrigation, chemical applications, and so much more. Our interns do everything assistant superintendents

will do daily. The right individual will have the opportunity to maintain the #2 golf course in North Carolina.
